Beaver County

ALICE in *Wander-land* *Navigating impossible choices towards a better future.* Annual Recognition Dinner

Seven Oaks | June 24, 2026

A Message from the Executive Director

Mary Lou Harju

This past year has been one of remarkable impact, creativity, and momentum for the United Way of Beaver County. Because of the generosity of individuals, businesses, and organizations throughout our community, **we not only exceeded our 2025/2026 Campaign goal of \$900,000, we provided hope for thousands of local families facing financial hardship every day.**

Through community education, advocacy, partnerships, and direct support initiatives, we have continued to bring attention to the growing challenges facing ALICE (Asset Limited, Income Constrained, Employed) families throughout Beaver County. These are our neighbors who work hard every day but still struggle to afford basic necessities such as housing, childcare, transportation, food, and healthcare.

The 2024 ALICE data has just been released, showing a slight decrease in Beaver County ALICE households from 29% in 2023 to 28% in 2024, while poverty remained steady at 11%. This slight improvement should not be mistaken for the end of the ALICE crisis. The long-term upward trend since 2010 remains alarming – we cannot forget that **39% of Beaver County families are struggling**. Rising costs for essentials like food and gas continue to place financial pressure on working families.

We must remain committed to supporting ALICE. Through our new **United Works** program, several families have already moved from financial struggle to greater stability. While the challenge is significant, meaningful change often begins one household at a time – and each family that achieves stability strengthens our entire community.

This year, our many initiatives demonstrated the power of collaboration and community action. Through our Day of Caring volunteers, strategic partnerships, fundraising efforts, and emergency SNAP and utility assistance support initiatives, we were able to connect resources to the people and agencies who needed them most. Together, we helped local non-profits expand services, assisted families facing crisis situations, and quickly responded to urgent community needs.

None of this would have been possible without the incredible support of our donors, corporate and agency partners, labor partners, local government partners, volunteers, and community advocates. Your investment in the United Way of Beaver County directly strengthens the network of care that so many local residents rely upon during difficult times. Every contribution helps us move closer to a stronger, more stable community for all.

While we celebrate meeting our campaign goal, the reality is that the need rapidly continues to grow. More families are struggling to make ends meet, and more local agencies are being stretched beyond capacity. That is why we cannot slow our momentum. **We ask our community to continue standing with us during our new 2026/2027 Campaign in support of ALICE families and individuals living in poverty throughout Beaver County.**

United, we have proven what is possible when a community unites around a common purpose. With your continued support, we can keep building pathways to stability, dignity, hope, and opportunity for our neighbors who need us most.

Thank you for believing in the mission of the United Way of Beaver County and for helping us create lasting impact across our community.

Did you know?

Since 1960, **United Way of Beaver County** has invested more than

\$64,000,000

into local non-profits - strengthening families, supporting the vulnerable, and building a stronger community for generations.

Thanks to our donors in 2025,
UWBC funding distributed more than

\$500,000

to non-profit organizations serving
children, youth, adults, and seniors.

Thanks to your support,
in 2025 PA 211 guided

2,336 Beaver County residents

to the resources they needed such as housing
help, food assistance, mental health
services, and more.

Last year, emergency funding
from UWBC helped

182 ALICE households

avoid utility shut-offs, working through four
Beaver County partner agencies to keep
families safe and secure at home.

In 2025, the **United Works** program helped

8 ALICE individuals

in Beaver County get access to education
and training programs that helped them
build a more secure future. Some have
already doubled their annual income.

When SNAP cuts hit Beaver County families,
UWBC raised and distributed more than

\$64,000

in a two week time period to local food
pantries so that no family would go hungry.

ALICE IN BEAVER COUNTY

2024 Point-in-Time Data

Population: 165,540 | Number of Households: 71,386

Median Household Income: \$73,877 (state average: \$77,545)

Labor Force Participation Rate: 63% (state average: 63%)

ALICE Households: 28% (state: 27%) | Households in Poverty: 11% (state: 12%)

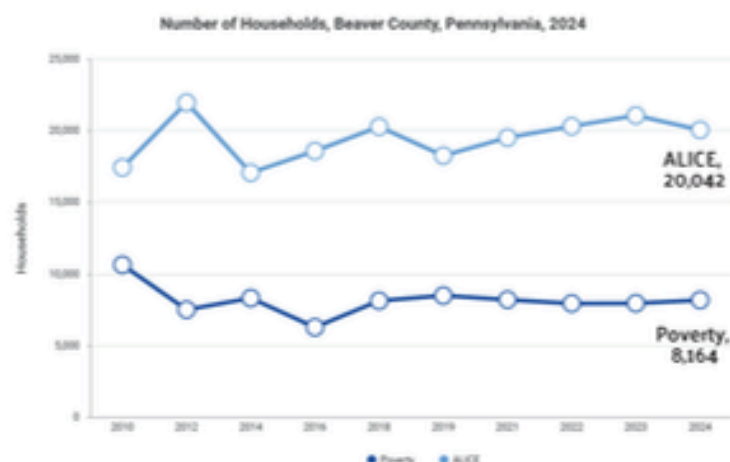

Trends in Financial Hardship

ALICE is an acronym for Asset Limited, Income Constrained, Employed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county. While conditions have improved for some households, many continue to struggle, especially as wages fail to keep pace with the rising cost of household essentials (housing, child care, food, transportation, health care, and a basic smartphone plan). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. The line graph to the right shows the number of ALICE and poverty-level households between 2010-2024. **By 2024, 28,206 households (39%) were below the ALICE Threshold in Beaver County.**

Notes: The budget for One Adult, One Child includes costs for one adult and a school-age child. The budget for One Adult, One in Child Care includes costs for an adult and an infant. The budget for Two Adults, Two in Child Care includes costs for two adults, one infant, and one preschooler. "Hourly Wage" shows the full-time wage needed to support each budget.

Sources: For ALICE Survival Budget sources, see the Methodology Overview on the Methodology page.

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement.

In 2024, household costs in every county in Pennsylvania were well above the Federal Poverty Level of \$15,060 for a single adult and \$31,200 for a family of four.

Financial Hardship is Not Evenly Distributed

By total number, groups with the largest population of households below the ALICE Threshold tend to also be in the largest demographic groups. However, when looking at the proportion of each group that is below the ALICE Threshold, it is clear that some groups are more likely to be ALICE than others.

Households by Race/Ethnicity, Beaver County, Pennsylvania, 2024

Notes: All racial categories except Two or More Races are for one race alone. Race and ethnicity are overlapping categories; the AI/AN (American Indian/Alaska Native), Asian, Black, Hawaiian (includes other Pacific Islanders), and Two or More Races groups may include Hispanic households. The White group includes only White, non-Hispanic households. The Hispanic group may include households of any race. Because household poverty data is not available for the American Community Survey's race/ethnicity categories, annual income below \$15,000 is used as a proxy. In 2020, the U.S. Census Bureau changed how it asked about race/ethnicity and how responses are coded. Due to this change, the Census Bureau recommends caution in comparing racial/ethnic data from before and after 2020.

PA 211 Beaver County Report

PA 211 is a program that is, in part, funded by the United Way.

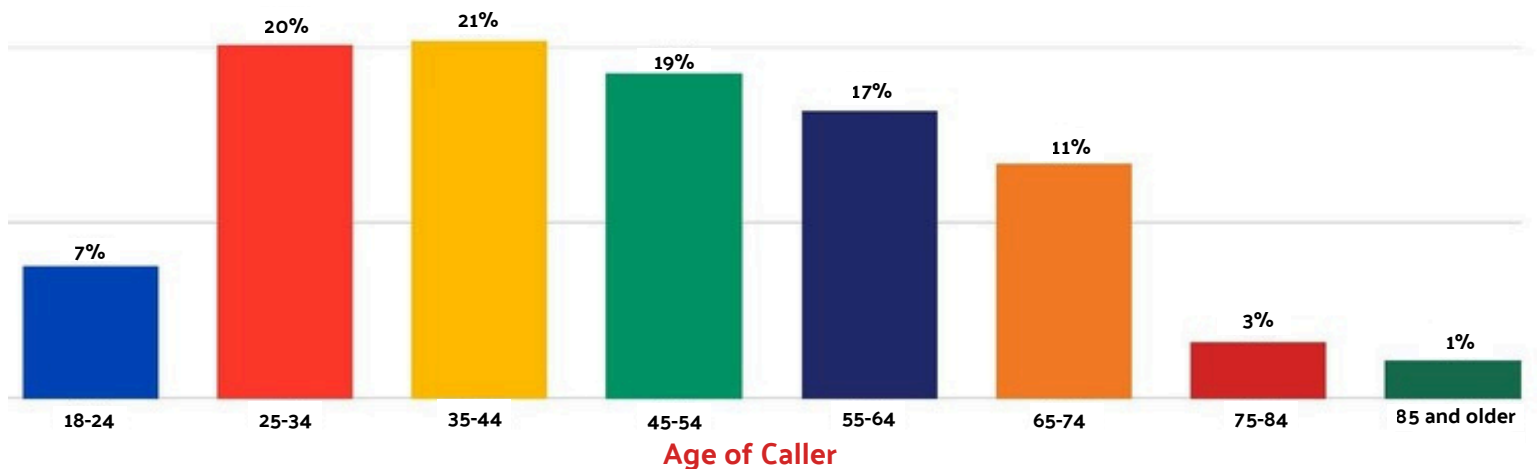

In 2025, **2,336** of our Beaver County neighbors contacted PA 211 for support, representing these three top needs.

211 Resource Navigators are trained to help identify the root causes of those needs and connect the client to a wide range of available resources that meet all the underlying needs, not just the one that prompted the call. In 2025, a total of **8,683** referrals were given to Beaver County residents by 211 Resource Navigators.

In 2026, Housing and Shelter has been highest need based on the number of calls to 211, with **715** requests for assistance received through the end of May. Requests for Utility Assistance were the second highest, with **458** calls received through the end of May.

Aligning Resources with Community Needs

For more than 30 years, the United Way of Beaver County (UWBC) has proudly partnered with a dedicated group of non-profit organizations known as our Member Agencies. We have funded programs and services that have improved the lives of Beaver County residents facing hardship. We remain grateful for these long-standing partnerships and the impact they have had on our community.

Over the years, however, the needs of our community have changed. Today, 39% of Beaver County households are living in poverty or struggling as ALICE families. At the same time, the number and diversity of non-profit organizations working to address these challenges have grown significantly.

To better respond to these changing needs, UWBC will transition from a Member Agency funding model to a Community Impact model beginning in 2027. This approach, used by more than 75% of United Ways nationwide, allows funding decisions to be based on current community priorities and measurable outcomes rather than historical funding patterns.

Under this model, any Beaver County human service non-profit organization may apply for funding within one of these four pillars. No organization will be guaranteed annual funding, ensuring that resources can be directed each year where they will have the greatest impact on individuals and families facing financial hardship.

UWBC received 46 preliminary applications requesting more than \$1 million in funding for the 2027 funding year. While we will not be able to fund every request, this response highlights both the tremendous need in our community and the commitment of local organizations to addressing it, and the importance of your continued support.

By adopting a Community Impact model, UWBC will be better positioned to invest in solutions that address today's challenges and create the greatest opportunity for a brighter future for Beaver County residents.

United Works

A collaborative program between Job Training for Beaver County & United Way of Beaver County.

United Way of Beaver County (UWBC), in collaboration with Job Training for Beaver County, Inc. (JTBC), has launched **United Works**, a workforce development program for Beaver County residents who are working, sometimes multiple jobs, and still can't make ends meet. United Works can help people access valuable educational opportunities that were previously out of reach due to cost. The goal is to provide financial assistance for training needed to secure well-paying, meaningful jobs, and ultimately, transition to a higher level of financial stability.

United Works funds will specifically support tuition and supportive services for students who earn a little too much to qualify for other grants. This can allow more individuals to access the education and resources they need to thrive.

Job Training for Beaver County will work with the applicant to determine eligibility.

To be eligible, a person must:

- Be 18 years of age or older
- Have a high school diploma or GED
- Reside in Beaver County
- Provide verification that current household income is under ALICE household survival budget guidelines - <https://unitedforalice.org/household-budgets/pennsylvania>
- Be accepted into an eligible CCBC training program, an eligible Penn State Beaver training program, or a building and construction trades pre-apprenticeship or registered apprenticeship program

To learn more about qualifying for United Works, contact JTBC at (724) 728-4860, ext. 218, or www.jtbc.org or scan the QR code.

United Works Success Stories

Cammie

“The funding from United Works has been incredibly helpful! This support has been invaluable in helping me pursue my career goals in law enforcement, providing a stable foundation that allows me to dive head-on into the training of the Police Academy!”

Decoda

Decoda was employed part-time when he enrolled in the **United Works** program.

Although committed to working, the inconsistent hours and low take-home pay made it difficult to support his family and attain long-term financial security. He saw earning his Commercial Driver's License as a pathway to stable, higher-paying employment with benefits.

The **United Works** program provided Decoda with funding needed to enroll in a training program. Upon obtaining his CDL A license, he secured full-time employment with a trucking company earning \$26 per hour along with benefits. This job significantly improves his ability to support his family and build a more secure future. He expressed sincere gratitude to the **United Works** program for providing him with this opportunity which has positioned him to achieve long-term career stability.

Dustin

Dustin was hired by Housing Opportunities, Inc. (HOI) as a Housing Technician Associate through Job Training for Beaver County, Inc.'s (JTBC) on-the-job training (OJT) program. The **United Works** program is reimbursing HOI 50% of Dustin's wages in exchange for teaching him hands-on skills in property rehabilitation, maintenance and construction while supporting blighted property revitalization.

When asked what he likes about his new job, Dustin said, “I like it all. The work is steady and the pay is better. I am enjoying learning new skills.” This program benefits both the trainee and the employer. HOI Executive Director Zabriawn Smith stated, “We have an aim to grow, but as a non-profit, we have to take our time to make sure we remain sustainable while offering jobs that the underemployed can grow into. Working with [**United Works**] and Job Training for Beaver County affords us that space.”
